Sharp Decline Early in Wheat Stocks Under High Money Restraint and Disposed to React Early.

NEW YORK, July 15.—Stocks were under further restraint at the opening of today's session, largely as a result of yesterday's sudden advance of call money to 11 per cent. Crucible Steel, which ied yesterday's sharp setback of prices, made an initial decline of two points. Granger railway shares' were heavy, dessaite very favorable crop prospects, Illinois Central losing 1½. American Locomotive and Beet Sugar yielded one point each and most specialities eased fractionally. A brisk raily within the first half hour was led by oils and motors.

Selling concentrated to a greater extent in shippings, motors and equipments at midday. Atlantic Gulf showed an extreme loss of 5 points, Marine preferred 2 and Chandler, Pierce-Arrow, Studebaker and American and Baldwin Locomotives 2 to 2½. Chemical and paper shares also reacted but rails were comparatively steady.

were comparatively steady.

Covering of short contracts in steels, equipments and oils effected rallies of 1 to 3 points in the final hour. The closing was irregular. Sales approximated 550,000 shares.
